\$447,800 to the Governor!

March 1, 2002

## New Appointees Contributed To Perry's Economic Growth

Most of Governor Rick Perry's new appointees to a task force to create economic growth and jobs have experience creating one job in particular—Perry's.

Since 1997, Perry has taken a remarkable \$447,800 in individual donations from his task force appointees.

Two-thirds of Perry's 29 task force members have given to Perry's recent political campaigns, led by \$98,500 from task force chair Ross Perot, Jr.

Another top-donor is Alfred Jackson (\$75,000). Jackson's securities firm had a role in a recent pay-to-play scandal involving the investment of state funds controlled by the State Board of Education.

The research firm of big donor Ray Perryman (\$15,000) also created another important job. Perryman is the immediate past employer of Texas' First Lady. •
